Bar

MENU

Byblos, considered by many historians to be the oldest continually inhabited city in the world, is a bustling town, an international thoroughfare found on the Mediterranean coast of modern day Lebanon.

The Phoenicians who founded ancient Byblos used innovations in naval technique and navigation to become the first masters of the sea. They used their seafaring skills to build rich trade routes throughout the region and founded a rich and powerful empire. The port of Byblos became their cultural and economic capital and as the city grew it became a melting pot, rich in new ideas and advances.

The rich cultural heritage and delight in adventure is the foundational philosophy of our drinks selection. An extensive array of fine wines, premium spirits and boutique beers, permit an international exploration of another kind. Cocktails fusing exotic fruits, flavours and flambé await the daring of your own intrepid tastebuds.

We hope you enjoy the Byblos bar experience!
